THE WEST FARMS SCHOOL WAR

Indignation Meeting at Fordham--- More Trouble Over the New Schoolhouse.

Pursuant to a call, a numerously attended and enthusiastic meeting of the taxpayers of Fordham and vicinity was held in Kearns' New Hall, at that place, last evening, for the purpose of expressing their indignation at the course pursued by Mr. Pordham Morris and others in endeavoring to cause the rejection of the new school building for educational purposes, and also to concert measures for the speedy opening thereof. Notwithstanding the recent verdict secured by the Board of Education of West Farms in its suit against Lewis G. Morris and others, in the Circuit Court at White Plains, particulars of which have already appeared in the HERALD, the school war has again en resumed with all its former intensity of bitter partisan hostility.

It appears that the Board of Education had made preparations for the formal opening of the structure indicated to-morrow, without knowing that judicial assistance would be successfully invoked to restrain them from so doing. An injunction granted by Judge Fancher has been the means of stponing the interesting ceremonies referred to, and of causing no small amount of mortification and excitement among the taxpayers of the new Twenty-lourth ward. By the act of annexation the strife hitherto existing between Messrs. John B. Haskin and Fordham Morris, with their respective friends and adherents, has been transferred to the city of New York; and although the first named gentleman and his party have been sustained by the people in their local elections for the past three years, it is now feared by them that the influence of their opponents with the Board of Education in this city may result in having the new schoolnouse rejected on purely personal grounds, thus JEOPARDIZING EDUCATIONAL INTERESTS of the late school district. It is asserted that a large majority of those residing in the district are in layor of the acceptance and opening of the new schoolhouse, regarding it as one which has been erected at a moderate cost for its size, and as being centrally located for the accommodation of the schoolars. adherents, has been transferred to the city of New

cholars. new schoolhouse is a large and imposing

being centrally located for the accommodation of the scholars.

The new schoolhouse is a large and imposing brick structure, its dimensions being 78 feet front and rear by 148 feet deep. It contains over 20 class rooms, each being 26 by 28 feet in size, with a capacious assembly room, about 60 feet square. There are also apartments for janitors, basement, &c. The entire cost of the building will, it is said, not exceed \$65,600.

The meeting having been duly organized, the Chairman, in a few pertinent remarks, introduced Mr. John B. Haskin, who, on taking the stand, was greeted with vehement applause.

In the course of his address Mr. Haskin said that on Tuesday last Mr. Fordham Morris, through his private counsel, made application to Judge Fancher for an injunction restraining the proposed opening of the new school house on Monday. The injunction, upon this ex parte application, was granted, with an order making it returnable on the 24th inst. to show cause why the injunction should not be made permanent. This was to prevent the intended opening of the school. The allegations in the complaint and application of Mr. Fordham Morris, upon which the injunction was granted, are that the site of the school house was swampy and detrimental to health, that its proximity to the Hariem Railroad must endanger the lives of the pupils, and that many of the citizens in the district had remonstrated in vain against the site selected and the erection of the school building thereon. In short, the objections were precisely the same as those presented to the Board of Supervisors of Westchester county by Mr. Morris and his friends, last year, and which were subsequently passed upon by Judge Pratt in his able opinion granting a mandamus compelling the Board of Supervisors to levy and collect by tax the sum of \$18,000, to be expended towards the crection of the new school house, Judge Pratt holding in his opinion and decision that the Board of Education had the soie power to select the set and con rol all other matters relating to t power to select the site and con rol all other mat ters relating to the erection of the school building. Under this decision the Board of Education, in good faith, commenced the erection of the new school house, now nearly completed and ready for occu-pancy. Of the building itself the people of the dis-

pancy. Of the building itself the people of the district may feel

JUSTLY PROUD,
possessing, as they now do, the finest school house,
next to the Normal College, in the city of New
York. The only motive by which he was actuated
while President of the Board of Education was to
provide for the people of West Farms one of the
best schools in the State, while the principal opponents of the beneficent project were in part
actuated by a desire to avoid paying the taxes
incident to itserection. These men are now endeavoring to influence the Board of Education of
New York, to the end that it may take action
against levying the necessary amount to be raised
to pay the balance due for the erection of the new
school house, and are also working night and day
to prevent its acceptance by the city for school
purposes.

nd other prominent residents of the school district THE RESOLUTIONS.

The following resolutions, offered by Mr. William Melkleham, were unanimously adopted:— Meikleham, were unanimously adopted:—

Whereas the founders of our government purchased with their bood and transmitted to us the sacred and inaliciable right of representation in every branch and department of government, from the highest to the lowest, and whereas the right of representation in the management of our public schools is especially dear to us, and we deem it a duty to ourselves and our children to defend to the last this great prerogative, and to emphatically rebuke any attempt to rob us of it and whereas we recognize in the recent action of the Board of Education of the city of New York in appointing Fordham Morris, Morris Wilkins, Ferdinand Meyer, Mark B. Hamilton, Jr., and J. Godwin members of the Local Board of School Trustees for the Twenty-fourth ward, such an attempt—these appointments having been made against the expressed wish of amologity of our citizens, and to the entire exclusion of those persons whom that majority petitioned should represent them in the School Board; and whereas the New York City Board of Education have arrogated to them selves to be our masters instead of our servants, in that they have expressed a determination not to carry out our wishes in regard to the new school building at Fordham, and have retuined to make provision to meet those limities which have been contracted by the Board of Education in root allowing us representation in the total Education in not allowing us representation in the total control of the proposition of the propositi obsects a Board clearly interfaces the evils of the intument-system over the elective, providing for the solved. Resolved. That we desire the New York Board and its local Board to understand distinctly that we approve entirely of the new school building at Fordham, and that it sour wish that it be used for public school purposes; and that we turther most that provision be made by those boards to meetall of the liabilities incurred in the erection of that building by the present Board of Education of School district No. 1 of West Farms.

Resolved. That the official conduct of the present Board of Education throughout meets with our entire approbation, and that in their retirement from official duties they take with them our heartfeit thanks and wishes.

lived. That we sincerely regret that the opponents our new school house at Fordham have succeeded in taining an injunction against the Board of Education School eistrict No. I. of the town of West Farms, and recognize therein an attempt on the part of Lewis G. prize Fordham Morris and a few of their trends, to re-red by a legal trick the completion of that fine building, as seeking to greatly at the collision of that fine building.

we recognize therein an artempt on the part of Lewis G. Morris Fordham Morris and a lew of their friends, to retard by a legal trick the completion of that fine building, thus seeking to graitly, at the public expense, their personal animosity to the Hon. John B. Haskin, whose exertious in the cause of popular education we fully recognize, appreciate and commend.

Resolved, That as this injunction injuntously affects the wellare of our schools we hope for its speedy removal, which we confidently believe will be accomplished as soon as our Board of Education of the district have the opportunity of presenting their case to the Court.

Resolved, That we had with heartful granufaction the recent trimph of law and order over law lessness and rust, as evinced in the just verder rendered by the jury December 16, 1873, in the suit of the board of Education of School district No. Lagainst Lewis a Morris Patrick Crotty, Fordham Morris, Michael & Relly and others, by which verdict the defendants were convicted of the outrage of conspiring, together with certain ruffians and hired cutthroats brought from New York and Morrisania, to usury the control of the obtanization of the school meeting of April 8, 1878, and rub our neople of their franchise and the free expression of their while.

Resolved, That we look with apprehension at the unscruptious and castradly means taken by those conspirators to carry out their malicious and unholy purposes against the great cause of popular education, and we exhort every good citizen to array himself on the side of those who are opposing this wicked componitation, and we achieve the hand of every friend of our public schools be set against them.

PICEON SHOOTING AT BABYLON, L. I.

Interesting Contests-Charles Jones, Ira A. Paine and Benjamin De Forrest the

It had been arranged that the important pigeon match between Messrs. Staples and Livingston, first shot at Port Morris two weeks or more since, but terminating unsatisfactorily, should again be shot at Babylon, L. I., yesterday, with two or three other like contests. Though Messrs, Staples and Livingston did not put in an appearance the amusement offered those who journeyed thither repaid them for the time and trouble required to be present.

The sport commenced with a sweepstakes of seven birds each, \$25 entrance; the winner to pay for the birds; 21 yards rise, 50 yards boundary and 1% oz. shot. John Snedicor, Charles Jones and G. Griswold came to the score and Jones proved the winner, killing six of his seven birds, the others scoring five and four respectively.

The second contest was a match of 10 double birds for \$100 between Ira Paine and John Snedicor. the conditions being that Paine should stand at 21 yards rise, while his opponent stood "as he pleased." Spedicor elected that seven yards from the traps "would suit him," and at this distance shot at the birds. Paine proved the victor, killing 18 out of the 20, while Snedicor scored but 15 out of a like number.

One or two matches of no interest then took place, when Mr. Benjamin De Forrest agreed to shoot Snedicor a similar match to that which he shoot shedicor a similar match to that which he had shot with Paine, the amount at stake being \$50. De Forrest stood at 21 yards rise and Snedicor as before at 7 yards. De Forrest killed 16 out of 18, shooting out his opponent, who had scored but 13 in the same number. Following this was a match of five birds each between Charles Jones and G. Griswold for \$10. Jones killed four in succession, when Griswold retired. Annexed will be found

Snedicor. 7 yards—10, 11, 11, 10, 11, 10, 10, 11, 10.—Total, 15—killed, 13; missed, 5. Shot out by opponent and retired.

Referee—Ira A. Paine.

SAME DAY.—Match of five birds, \$10; 21 yards

rise, 80 yards boundary and 114 oz. shot. Jones-1, 1, 1, 1-4. Griswold-0, 0, 1, 1-2.

EXTRAORDINARY PEDESTRIAN FEAT. Walking One Hundred Miles in Twenty-

two Hours.

NEW HAVEN, Dec. 20, 1873. To-night, at half-past eight, George Farren succeeded in accomplishing the most wonderful feat of waiking 100 miles in 22 hours. The last mile was made with almost the same promptness as the first. Exchange Hall was packed with people, among whom were many of the sporting fraternity of this city, Hartford, Springfield, Bridgeport, Boston and New York. As Farren strode up the homestretch with a leadway of ten seconds a shout went up from the excited multitude, which was responded to by at least 3,000 people standing on the sponded to by at least 3,000 peopie standing on the sidewalks of Chapel street. Mr. Farren's effort against time is the greatest triumph in pedestrianism ever recorded, winning the wager of \$400. In walking the 100 miles Farren had to make the circuit of Exchange Hall 3,100 times. A committee of three persons kept the tally and announced each mile, with the time made or lost. All last night and all day an eager crowd was in attendance. There had been little doubt from the start that Farren would succeed, and he received words of encouragement all along through the weary hours. Farren is slightly built, weighs about 125 pounds, is muscular and wiry and is not far from 25 years of age.

HIGHWAY ROBBERY.

George Stewart, with an accomplice, said to be "Red Tim." attacked William Hartnett, a young man in the employ of Messrs. C. C. Reed & Co., of No. 112 West Fourteenth street, yesterday afternoon, on Broadway, between Fuland Dey streets, and forcibly took his pocket \$218, which he had just ton before grawn from the Tradesmen's Bank. From the manner in which the clerk was surrounded and the bold robbery consummated there is no doubt that he had been watched from the moment that he received the money, as the attack was made in the great crowd which at the hour of haif-past three o'clock is always thronging this part of Broadway. To more thoroughly frighten Hartnett the villains drew revolvers and threatened the clerk's instant extermination if he made a noise, and then they relieved him of the sum stated. The sight of the revolver in Stewart's nands fortunately attracted the attention of Officers Hart and Hitchcock, of the Twenty-sixth precinct, who, while off duty and in citizens' clothes, were passing that locality, and instantly they laid heavy hands on Stewart, but his accomplice succeeded in making good his escape. The money was not recovered. Stewart was sent to Police Headquarters and will be taken to the Tombs this inorning. that he received the money, as the attack was

"WALKING ON THE TRACK."

At a quarter-past five o'clock last evening, two Germans, John Kuhse and Otto Kuhse, were waiking along the Harlem Railroad track, at Seventy fourth street, when they were struck by a New Haven mail train and so seriously injured that it is doubtful whether they will recover. They were injured severely about their heads and bodies and were removed to the Presbyterian Hospital in an insensible condition. The first named victim is 45 years of age, and the other 22 years old.

FIRE IN A MENAGERIE

PHILADELPHIA, Dec. 20, 1873. Late this evening a fire occurred at the winter headquarters of Forepaugh's menagerie at Sermantown, destroying a frame stable, together with seven valuable horses and all the wagons belonging to the show. The cages containing the wild beasts were all saved.

DRS. TROUSSEAU, LASEQUE, PROFESSOR NIEmeyer and others published works upon the necessity of employing natural mineral spring waters in the
various diseases. In fact, all authors and chemists agree
that the analyses of them do not indicate fully their
medical value. As two-thirds of our bodies are composed of water, they immediately enter the circulation
when taken into the stomach. As proof of this the
UNPARALLELED BETHESDA SPRING WATER was
the only fluid many of Dr. A. H. HEATB'S patients
could take and retain, because of their nausea and
dyscepsia; all, however, being permanently relieved.
